Since there are many people who are new to Excel and dont know about it or that work this was the first thing you can offer.. You can change any text to uppercase or lowercase as well as capitalize the first letter of every word if needed.. When you enter text in a cell wider than the cell the text passes the right edge of the cell by default.. In our example we entered the title of the column in the gray marked cell at the top of the column.. Wrap Text in a Cell When you enter text in a cell thats wider than the cell the text goes past the right border of the cell by default. [Unduh Shareit Buat Pc Cara Menginstal Di](#)
